

Understanding Debt Consolidation

If you're paying out for a number of different loans or credit cards, a debt consolidation loan could save you money every month in interest. An with just one regular monthly payment, it could make budgeting a lot easier.

Although your debts won't go away immediately...

Consolidating them into one loan could possibly reduce your monthly outgoings and help you better manage your money as long as you can afford the new repayments. If cost of the proposed new arrangement is less than the existing one, it clearly makes sense to consider it.

IF YOU ARE THINKING OF CONSOLIDATING EXISTING BORROWING YOU SHOULD BE AWARE THAT YOU MAY BE EXTENDING THE TERM OF THE DEBT AND INCREASING THE TOTAL AMOUNT TO REPAY.
